

Course Sequence for the Minor in Communication Sciences and Disorders

Sequence of Courses			
Fall & Spring	3 CH	CSD 270	Introduction to Communication Disorders
Fall Only	3 CH	CSD 301*	Speech and Language Development
	3 CH	CSD 370	Phonetics
	3 CH	CSD 450	Introduction to Audiology
Spring Only	3 CH	CSD 372*	Acoustics and Speech Science
	3 CH	CSD 380*	Anatomy/Physiology of Speech Mech.
	3 CH	CSD 472*	Aural Rehabilitation
Total	21 Credit Hours (CH)		

You must pay close attention to the semesters in which these courses are offered to prevent extending your course of study unnecessarily. Fall only courses are only *reliably* offered in Fall, and Spring only courses are only *reliably* offered in Spring. Some courses (those marked by the *) are offered in the Summer; however, courses may be cancelled with short notice due to reduced enrollment.

If you have declared the CSD Minor but have not been assigned an academic advisor in CSD, please email Kim Carver (carverk@wcu.edu) to request a CSD advisor. If you need immediate CSD advising, please email Dr. Leigh Odom (KModom@wcu.edu).

If you are interested in pursuing the Master's degree in Speech-Language Pathology, you will be required to demonstrate college credit earned in the biological, physical, and social sciences as well as statistics. It is recommended that you choose the following courses when completing the Liberal Studies requirement at WCU. (If completing this requirement at another institution, speak to the Advising Center at that institution for equivalents.)

- C2, Math 170 (Applied Statistics)
- C5 (first discipline), BIOL 102 (Human Genetics) or BIOL 104 (Human Biology) (note: lab not required for ASHA)
- C5 (second discipline), CHEM 101 (Chemistry in Society) or PHYS 105 (Contemporary Physics) (note: lab not required for ASHA)
- P1 (one discipline), PSY 150 (General Psychology)
