

# DISCOVER SUCCESS

**“Ask questions! The faculty and other students in your program are an amazing resource for advice.”**

## **MADDIE ADOLF**

**PURSUING: CLINICAL PSYCHOLOGY, M.A.**

**HISTORY OF SCIENCE, MEDICINE, AND PUBLIC HEALTH, B.A.,  
YALE UNIVERSITY, '18**

Maddie chose WCU because she wanted a program that offered an extensive curriculum for psychological assessment, but that would still allow her to explore her interests and hone her research focus. Instead of finding the competition between faculty that is often infamous within graduate programs, Maddie discovered that the professors at WCU were as excited as she was about her research. She has been able to get both a strong academic foundation and plenty of hands-on clinical experience. After graduation, Maddie plans to apply to WCU's Psy.D. program, and then go on to become a practicing psychologist, specializing in psychological assessments and personality disorders.
