Greatness
lives within you.”**

ASHLEY CURRY

PURSUING: SCHOOL PSYCHOLOGY, M.A., S.S.P

PSYCHOLOGY, B.A., WESTERN CAROLINA UNIVERSITY, '19

Ashley chose to attend WCU because of its closeness to home and beautiful mountains. After graduating from WCU with an undergraduate degree in psychology, she decided to continue her education and begin the School Psychologist Graduate Program. Ashley knew she would receive an invaluable clinical experience as well as a quality graduate education. Ashley is now serving students from local charter schools in the McKee Clinic and shadowing a school psychologist in the field which has aided in both her personal and professional growth. While at Western, Ashley has worked in the McKee Clinic, been involved in the Social Justice Scholarship Symposium, worked as a resident assistant in Noble Hall, and served as a member of the National Society of Leadership and Success. As a student of color, one goal Ashley has is to help educate individuals about social justice and ways to support other students of color on campus. After graduation, she plans to work as a School Psychologist in North Carolina.
