

DISCOVER SUCCESS

“I’ve grown in so many ways and am so thankful to have been given the opportunity to learn about myself in such a beautiful environment!”

ISABELLA PIGHINI

PURSUING: PSYCHOLOGY, B.S.

Isabella came to WCU from Illinois to play for the WCU women’s soccer team and immediately felt at home. In her time here, Isabella has gained knowledge about her career options, and also learned to communicate better with herself. Isabella has taken part in research under Dr. Windy Gordon and has been given many opportunities to learn in the psychology field. She is a Department of Psychology Student Ambassador and a member of the women’s soccer team. After graduation, she plans to attend graduate school for performance psychology. She encourages other students to not take their time at WCU for granted, and to not pass up the opportunities that the college, beautiful campus, and amazing location provide.
