

DISCOVER SUCCESS

“Step out of your comfort zone. Be willing to pursue opportunities, even if they scare you.”

TERRAN SAINÉ

PURSUING: CLINICAL PSYCHOLOGY, M.A.

PSYCHOLOGY, B.S., WESTERN CAROLINA UNIVERSITY, '20

Terran decided to attend WCU in her pursuit of her graduate degree in clinical psychology because of her fantastic experience at WCU as an undergraduate student. She loved the small class sizes and the student-oriented faculty who are committed to helping students succeed and reach their goals. Terran has been given multiple opportunities to cultivate skills, participate in hands-on training and professional development conferences, and develop relationships with professors and peers. As an undergraduate, she completed an internship with Children's Hope Alliance, where she was able to help with behavioral treatment goals. Terran currently serves as a graduate student ambassador and in this role gets to meet prospective students to tell them about all the great things WCU has to offer. After graduation, she plans to pursue a Doctor of Psychology (Psy.D.) and become a fully licensed clinical psychologist in North Carolina.
